

Oslo, 23.2.2011

I hereby confirm that the use of the Fairtrade certification mark on the layout of the two products *Friele Fairtrade kaffe* and *Friele økologisk kaffe* is approved by Fairtrade Norway. The fact that Kaffehuset Friele were unable to show documentation of this during FLO-CERT's last inspection was caused by routine failure at Fairtrade Norway.

In case of any changes being made to the layouts of these two products, a new written approval of the use of the Fairtrade certification mark must be given by Fairtrade Norway.

On behalf of Fairtrade Norway

Helle Mjøs
Product Manager
